

Aegean Green Onyx

NATURAL STONE · ONYX · QUICK SHIP · STOCKED IN THE USA

Pakistan's green onyx is a banded calcite laid down by hot springs south of the Chagai mountains in Balochistan, fed by ancient volcanic heat. Aegean Green Onyx is an onyx from Pakistan. Available honed. For floors, walls and showers. Stocked as slabs.

Range 1

TECHNICAL DATA

TS	TS-06
STONE	Onyx
COLOR	Green
ORIGIN	Pakistan
FINISHES	Honed
THICKNESS	1 1/4 in (3 cm)
USE	Floors, walls, showers
WATER ABSORPTION	1.3%
DENSITY	2,430 kg/m ³
COMPRESSIVE STRENGTH	173 MPa (25,000 psi)

STOCKED SIZES

SIZE	FINISHES
Slab	Honed

Any size, finish or pattern cut to order; about 8 to 12 weeks; minimum order quantities may apply.

NATURAL STONE: WHAT TO EXPECT

Every piece of natural stone is quarried, not manufactured. Color, veining, shade, movement, fossils, pits and fills vary from block to block, lot to lot and tile to tile: that variation is the character of the material, not a defect. Photos and samples show a range, never an exact match. Approve the range photos and a job sample from the actual lot before ordering, inspect the delivered material before setting, and dry-lay and blend tiles from several boxes. Hardness, porosity and how a finish wears also differ from stone to stone; honed and polished surfaces will etch and show wear differently. Seal after installation and reseal periodically.
